Profile

Full Stack Developer with experience building scalable web applications using React.js, Next.js, Node.js, Express.js, NestJS, PostgreSQL, REST APIs, and modern frontend technologies. Experienced in developing responsive user interfaces, authentication systems, multi-tenant architectures, and full-stack solutions with a strong understanding of modern JavaScript ecosystems.

Skills

Web Development

- HTML,
- CSS
- JavaScript

Database Management

- SQL Server
- PostgreSQL
- PL/SQL (Oracle)

Additional Skills

- Responsive UI Development
- Component-based Design
- API Integration

Frontend

- React.js
- Next.js
- Tailwind CSS
- Redux Toolkit
- shadcn/ui
- jQuery

APIs

- REST APIs
- OpenAI API
- DeepSeek API

Tools

- Git
- GitHub

Backend Development

- Node.js
- Express.js
- NestJS
- Prisma

Authentication

- Supabase Auth
- JWT Authentication

Projects

Multi-Tenant School Management System (Private SaaS)

- Next.js • NestJS • PostgreSQL • Prisma • Supabase • Redis • SupabaseAuth • Tailwind CSS • REST APIs
- Developed a multi-tenant School Management System with tenant isolation and RBAC.
 - Built RESTful APIs using NestJS, Prisma, PostgreSQL, Redis, and Supabase.
 - Implemented authentication and authorization using **Supabase Auth** with role-based access control for Super Admin, School Admin, Teachers, and Staff.
 - Developed responsive dashboards using Next.js and Tailwind CSS.
 - Designed scalable PostgreSQL schemas and optimized performance with Redis.

Liorae

- React • Zustand • Tailwind CSS • shadcn/ui
- Built a responsive e-commerce application using React and Zustand.
 - Managed application state with Zustand.
 - Designed reusable UI components with Tailwind CSS.

Klimate

- React • Zustand • Tailwind CSS • shadcn/ui • OpenWeather API
- Developed a real-time weather application using React.
 - Integrated the OpenWeather API.
 - Added favorites, dark mode, and responsive UI using Zustand and Tailwind CSS.

Professional Experience

10/2025 – Present

Computer Research (Pvt) Ltd.

Junior Software Developer

- Developed and maintained enterprise web applications using **ASP.NET Web Forms** and **C#**.
- Designed and consumed **RESTful Web APIs** to support application functionality and system integration.
- Wrote and optimized **SQL Server**, **Oracle**, and **Stored Procedure (SP)** queries for efficient data processing.
- Implemented business logic, fixed production issues, and enhanced existing application features.
- Collaborated with cross-functional teams using **Git** and followed Agile development practices.
- Participated in debugging, code reviews, and performance optimization to improve application reliability.

08/2023 – 10/2024

Strive Software And Marketing Solutions

WordPress Developer

- Developed a responsive WordPress website using Elementor.
- Improved SEO and integrated contact forms.
- Optimized user experience and website performance.

Education

08/2026 – Present
Karachi, Pakistan
